

IAS PRELIMS ENTRANCE WORKSHOP 2ND

(For Sindhi Community Students Only)

16 - 20 June 2014

Workshop Details

Objective The displaced Sindhi Community got scattered around the country & world after partition but still became financial empowered due to hard work & industrious nature. Today Sindhis are around 1% of Indian population but contribute around 8% to the GDP. But being financially empowered does it mean true Empowerment? Despite our huge contribution to the GDP can our community claim to be a truly empowered community till there is critical representation of Sindhi Community in various wings of Government? For true Empowerment of Sindhis & Sindhiyat we have to ensure representation of Sindhis in all important wings of Government.
